1. Executive Summary

Quality Control and Monitory Plan (QCMP) is prepared in the scope of the **Development of Regional Joint Master Program in Maritime Environmental Protection and Management – MEP&M** project, and particularly according to what is foreseen in 4.2: *Development and implementation of Internal Quality Control and Monitoring Plan*.

In this report are given the results of the survey of five events and three questionnaires that have taken place within this project. The questions in the form were standardized and same for each event, in order to enable comparison across project events. The form was anonymous and it has covered the following sections:

- *Quality of the organization;*
- *Quality of the presentations;*
- *Objectives;*
- *Tasks and activities;*
- *Overall satisfaction*
- *Comments.*

Completing the form took 2 – 3 minutes. Aleksandër Moisiu University of Durrës as Lead Partner (LP) in QCMP 4.2. *Internal Quality Control and Monitoring Plan* has analysed the data and prepare a short brief for all events.

2. Background and Objectives

Being that the objective of the Quality Control and Monitory Plan Manual is to ensure the production of concrete and high-quality results in line with the project plans, questions forms are prepared after each project event and reports.

Objective is to describe the Quality Management procedures that the project team will follow in order to ensure, monitor and control the quality of all processes and deliverables produced during the MEP&M project lifecycle.

The main objectives of the event evaluation for QCMP are to:

- Monitor the project progress;
- Ensure the quality comprehensiveness of each activity and output separately and of the whole project;
- Ensure the quality of the key processes and the key results of the project.

3. Survey Method

The methodology to determine the quality of the events and reports developed in the framework of the MEP & M Project is in the form of surveys with questions about the event/reports.

Event 1:

- Event, 27 September, 2021: Virtual training on DEV 3.4.1: Know-how transfer related to the latest topics on marine and coastal pollution and emission of GHG from shipping, nautical tourism, coastal tourism and off-shore activities, 27 September, 2021. Organized by: University of Cadiz (Spain)

Event 2:

- Event, PMB meeting, 2nd year planned activities, 21 December 2021

Questionnaire 1:

- Questionnaire for academic/research staff

Questionnaire 2:

- Questionnaire for stakeholders

Questionnaire 3:

- Questionnaire for students

Event 3:

- Event 28-30 Jun 2021: Virtual training on DEV 3.4.1: Know-how transfer related to the latest topics on marine and coastal pollution and emission of GHG from shipping, nautical tourism, coastal tourism and off-shore activities, 28 – 30 Jun 2021. Organized by: Universidad de Cádiz, Spain

Event 4:

- Event, 15 July 2021: Virtual training on DEV 3.4.1: Know-how transfer related to the latest topics on marine and coastal pollution and emission of GHG from shipping, nautical tourism, coastal tourism and off-shore activities, 15 July 2021. Organized by: University Cote d'Azur (UCA-F)

Event 5:

- Event 28-30 Jun 2021: Virtual training on DEV 3.4.1: Know-how transfer related to the latest topics on marine and coastal pollution and emission of GHG from shipping, nautical tourism, coastal tourism and off-shore activities, 28 – 30 Jun 2021. Organized by: Universidad de Cádiz, Spain

4. Survey results

EVENT 1:

In the event organized by University of Cadiz, Spain, “Virtual training on DEV 3.4.1” the quality of the organization was high evaluated. The training time was respected, the timelines of the organization and the communication during the training was evaluated also high evaluated. The overall quality of the presentations was highly appreciated. This training was very helpful and there are no additional suggestions.

Below are the results:

"Event, 27 September, 2021: Virtual training on DEV 3.4.1: Know-how transfer related to the latest topics on marine and coastal pollution and emission of GHG from shipping, nautical tourism, coastal tourism and off-shore activities, 27 September, 2021. Organized by: University of Cadiz (Spain)"

Dear Participant,

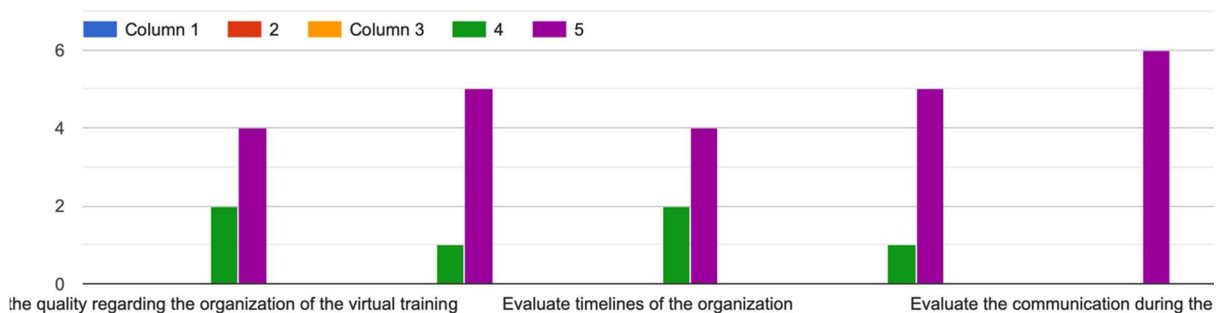

This survey is part of WP4: Quality Assurance & Monitoring.

In effort to improve the quality and the impact of these events we invite you to complete the following questionnaire.

The survey is anonymous.

We thank you in advance for your contribution!

1. Quality of the Organization(1- lowest, 5- highest):

1. Quality of the Organization:

1.1 Additional comments or suggestions:

no coments

No additional comments

/

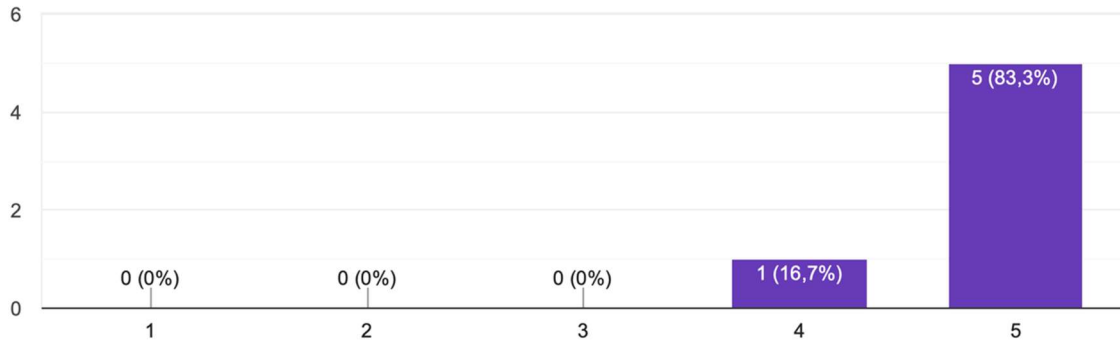

NO suggestions

Good organization and implementation

2. Quality of Presentations: 2.1 Evaluate the overall quality of the presentations (1- lowest, 5- highest):

6 risposte

2.2 Please indicate if presentation was good and helpful?

Yes it was very good and helpful

no comments

Presentation was good and helpful

yes

Good Presentation

Lots of useful information

2.3 Additional comments or suggestions:

no comments

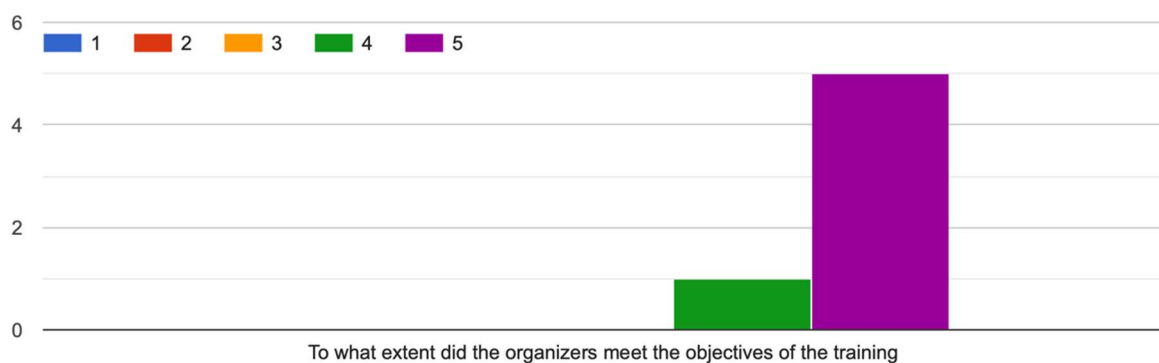

No additional comments

/

NO suggestions

We have no additional comments

3. Objectives: Evaluate the following (1- lowest, 5- highest):

3.1 Additional comments or suggestions:

no comments

No additional comments

/

NO suggestions

The objectives of the training were achieved, as the participants received a lot of useful information

4. Task and activities(1- lowest, 5- highest):

5. Additional comments or suggestions:

no comments

No additional comments

/

NO suggestions

We have no additional comments

EVENT 2:

In the online meeting of PBM the quality of the organization was high evaluated. The quality of the information provided and the communication during the meeting was also high evaluated. The objectives are completed and there are no additional suggestions. Below are the results:

Event, PMB meeting, 2nd year planned activities, 21 December 2021

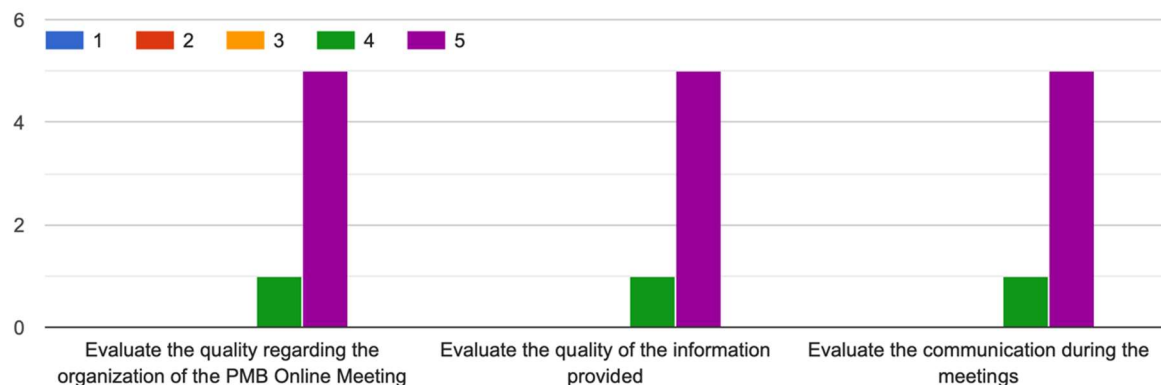

Dear Participant,

This survey is part of WP4: Quality Assurance & Monitoring.

In effort to improve the quality and the impact of these events we invite you to complete the following questionnaire. The survey is anonymous.

We thank you in advance for your contribution!

1. Quality of the Organization(1- lowest, 5- highest):

1.1 Additional comments or suggestions:

The meeting was well organised and all activities were discussed during the event.

QUESTIONNAIRE 1

Fourteen academic or research staff participated in the questionnaire organized by University of Montenegro. The questionnaire was made on purpose to develop a joint regional high-quality interdisciplinary master's program and to build up human and technical capacities of PC HEIs to support the new master program in MEP&M.

Questionnaire for academic/research staff

This survey is conducted by the University of Montenegro within a project: „Development of Regional Joint Master Program in Maritime Environmental Protection and Management (MEP&M)” of the Erasmus + programme CBHE. This project has been funded with support from the European Commission. Project coordinator is University of Montenegro, Faculty of maritime studies Kotor. Project duration is 3 years (15/01/2021 – 14/01/2024).

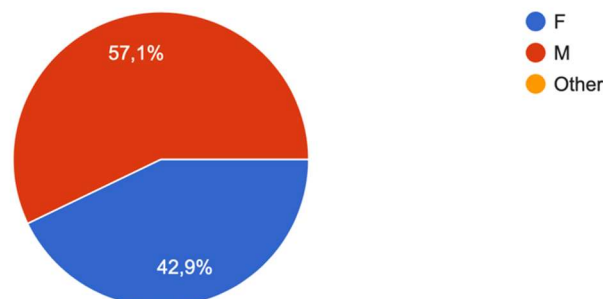

The project will address the following specific objectives:

- Based on the state-of-the-art in Maritime Environmental Protection and Management (MEP&M) education and research, to develop regional joint interdisciplinary master program in the English language for students and professionals having at least a BSc degree, to address the long-term needs in specific issues of coastal and marine environmental protection and management in South Adriatic and Ionian Seas, thus strengthening the international competitiveness of Montenegrin and Albanian HEIs.
- To build up human and technical capacities of PC HEIs to support the new master program in MEP&M.
- To enhance networking among PC HEIs, governmental institutions, Blue Economy sector enterprises, and NGOs in order to act regionally in order to prevent and cope with consequences of global climate change and local/regional marine pollution.

All information will be treated in the strictest confidence and all will be used only for purpose of this study.

3. Please specify your education level:

5 risposte

4. What is your field of expertise?

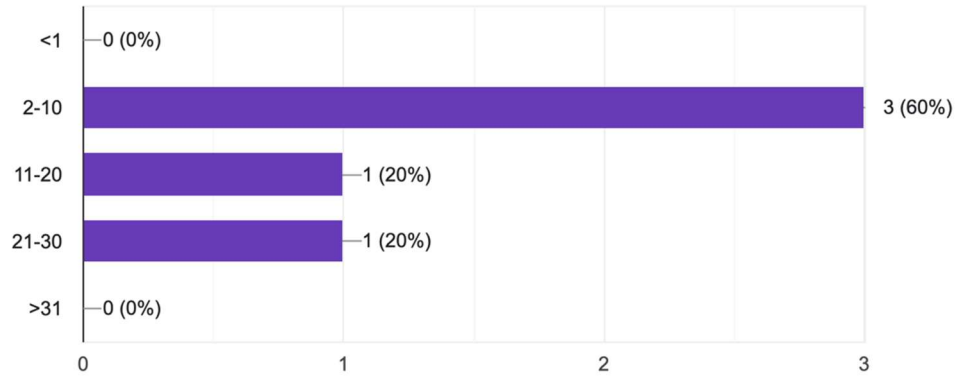

5 risposte

5. How many years have you been working in the organization/company?

5 risposte

6. What is your position in the organization/company?

ceo

Lecturer

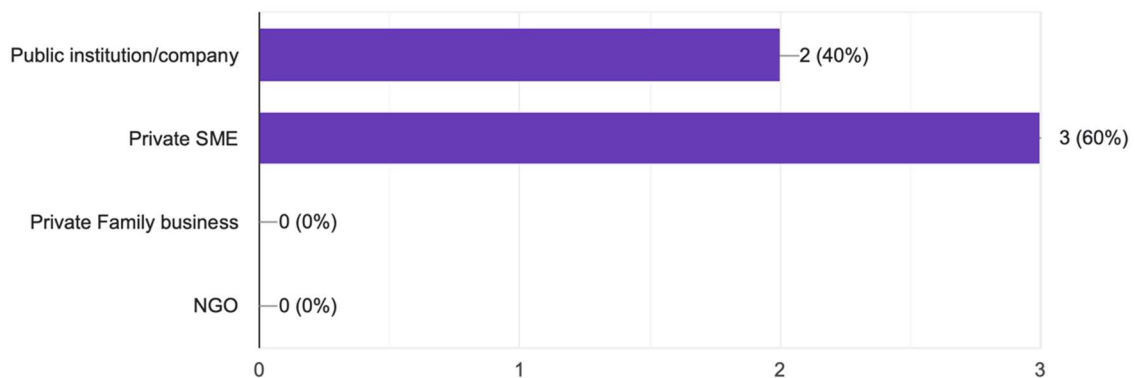

Accountant

Manager

Specialist

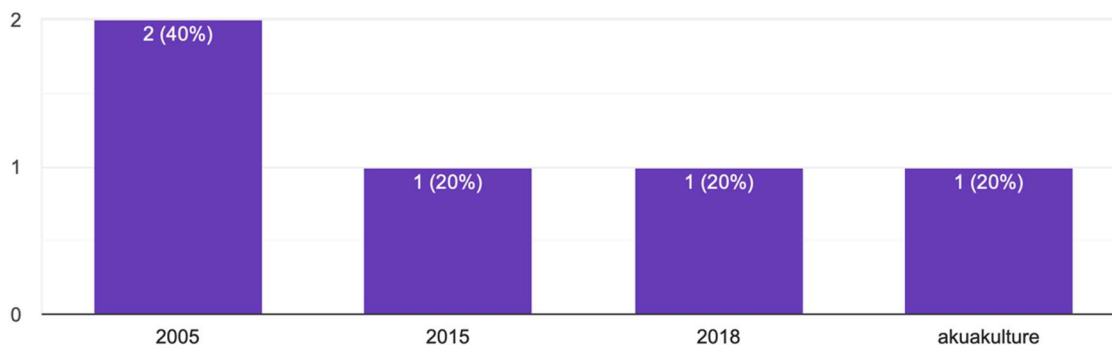

7. What is the structure of the business entity you are working at?

5 risposte

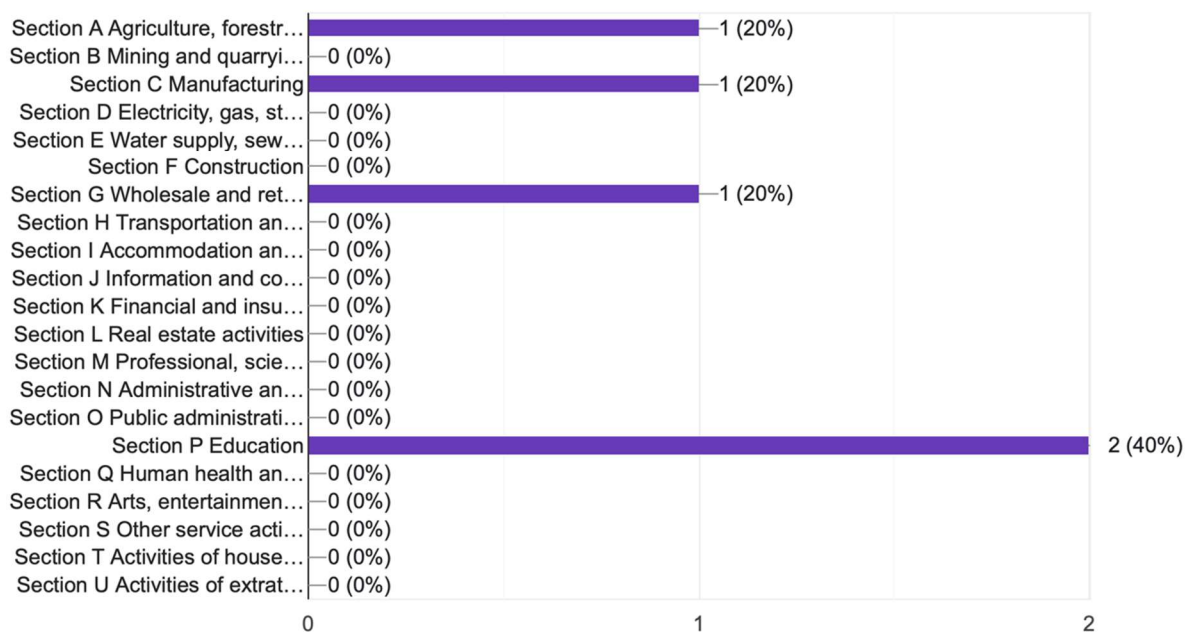

8. Please specify the year of organization's/company's establishment:

5 risposte

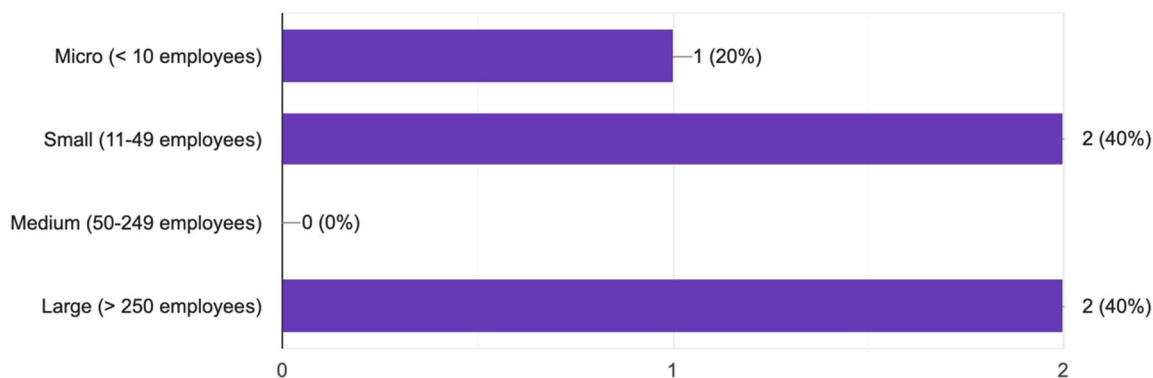

9. Please choose an appropriate classification of your organization/company activities according to sections:

5 risposte

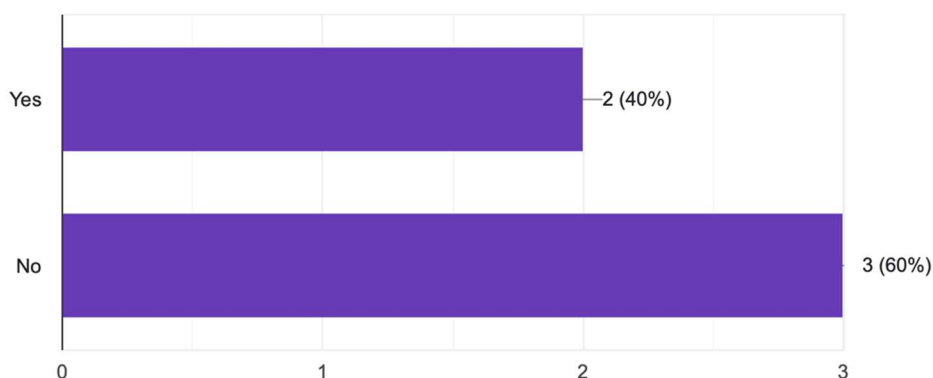

10. Please categorize the size of your organization/company:

5 risposte

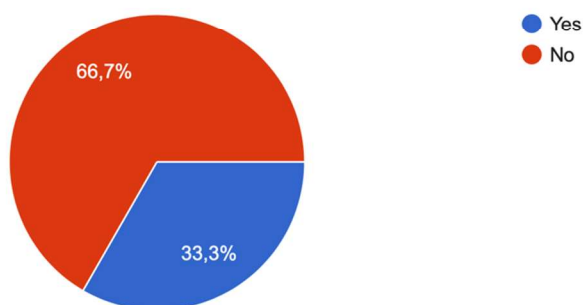

11. Has your organization/company cooperated with the University of Montenegro?

5 risposte

12. If not, is your organization/company willing to start cooperation with the University of Montenegro?

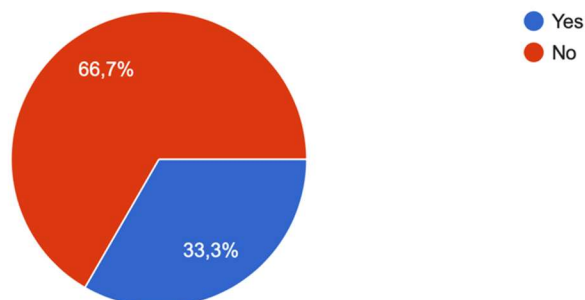

3 risposte

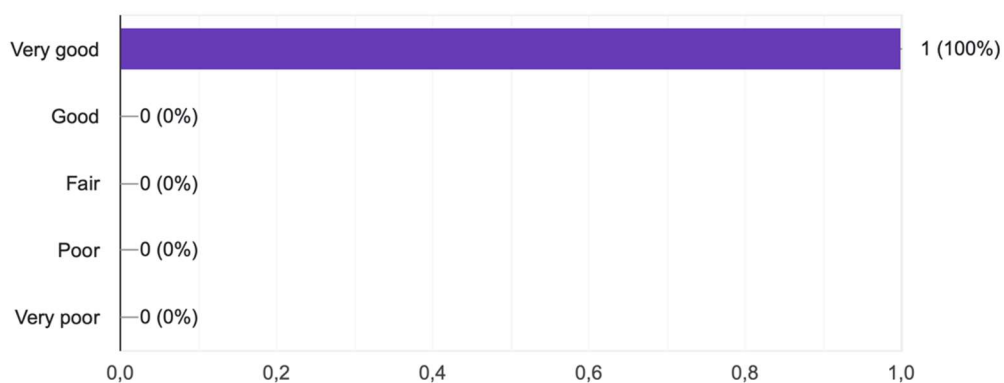

13. If yes, did your organization/company sign the agreement with the University of Montenegro (e.g. became a member of the teaching or research base)?

3 risposte

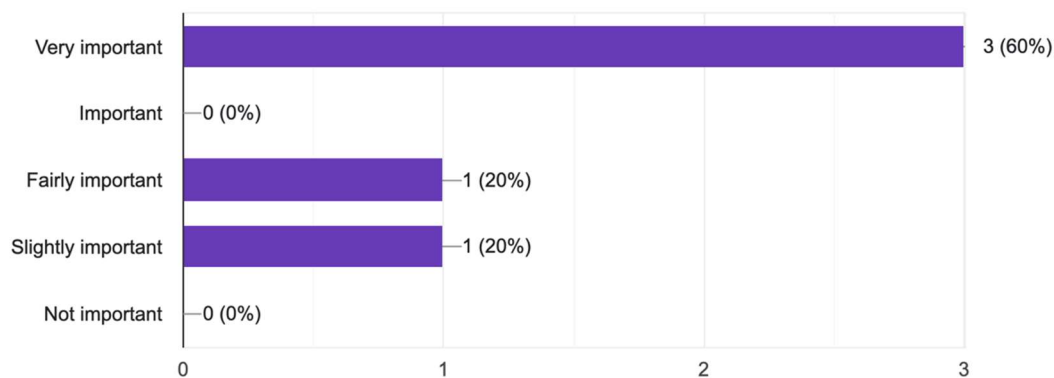

14. If yes, please rate quality of the cooperation with the University of Montenegro?

1 risposta

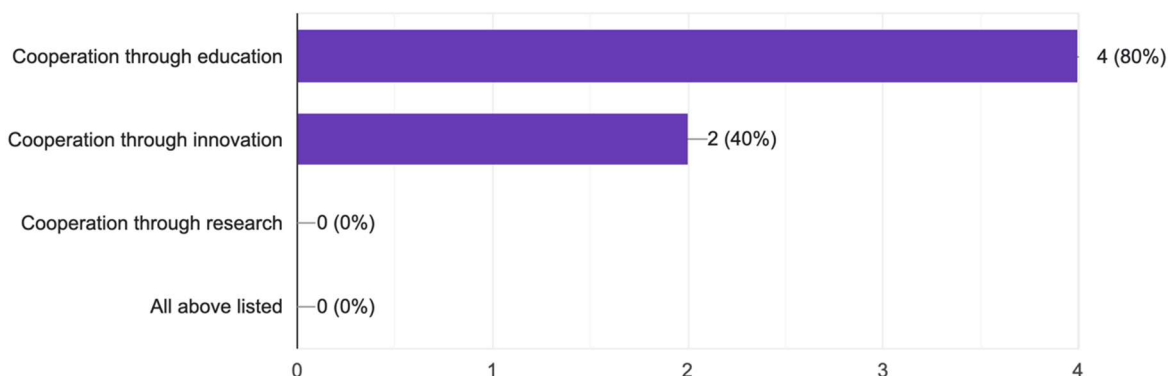

15. Please rate the importance of current or future cooperation with the University of Montenegro for your business?

5 risposte

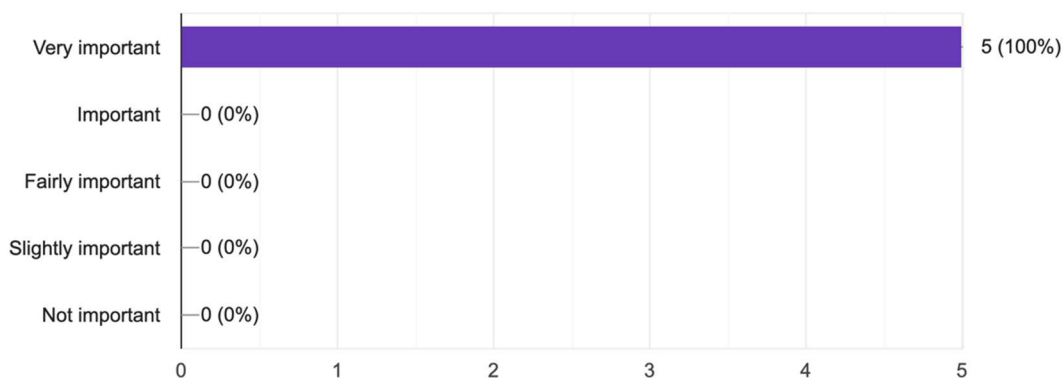

16. Please indicate the way of cooperation with the University of Montenegro? (multiple choice available)

5 risposte

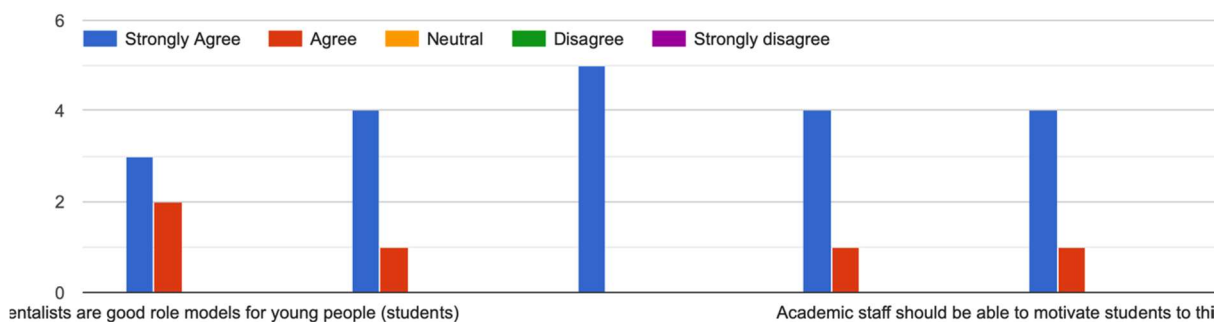

17. In your opinion, rate importance that students should have experience within the broader fields of Maritime Environmental Protection and Management (MEP&M):

5 risposte

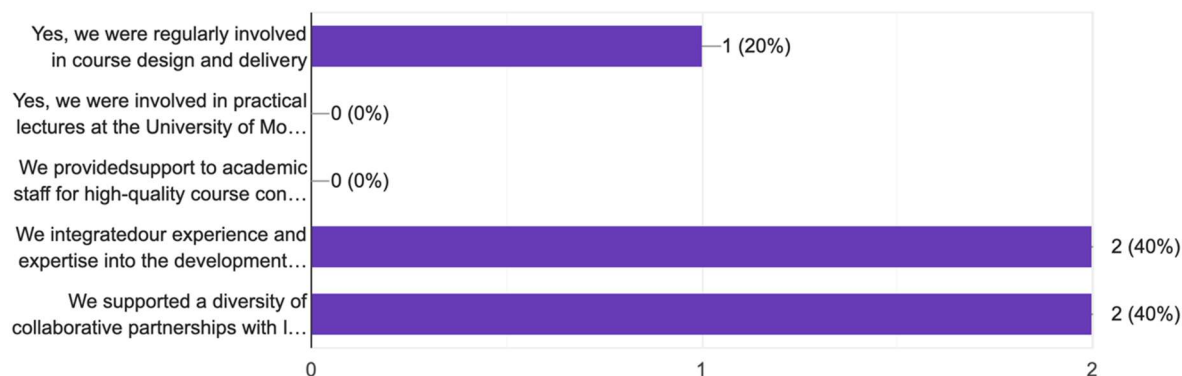

18. What is your opinion on the following statements?

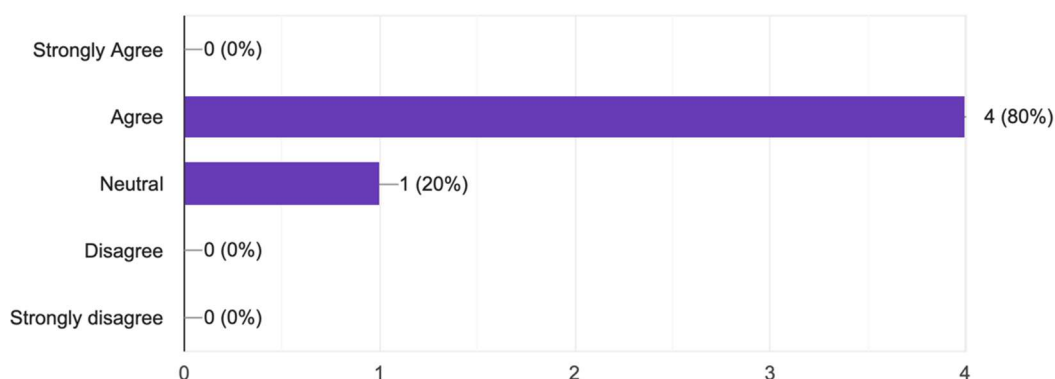

19. Did the University of Montenegro contact you to participate in designing curricula? (multiple choice available)

5 risposte

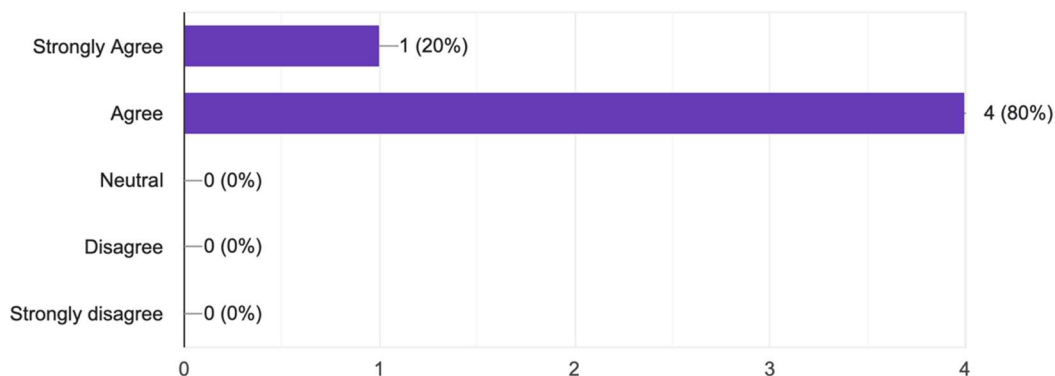

20. Do you find that the University of Montenegro should be committed more to collaboration and knowledge exchange with all actors in the economic market?

5 risposte

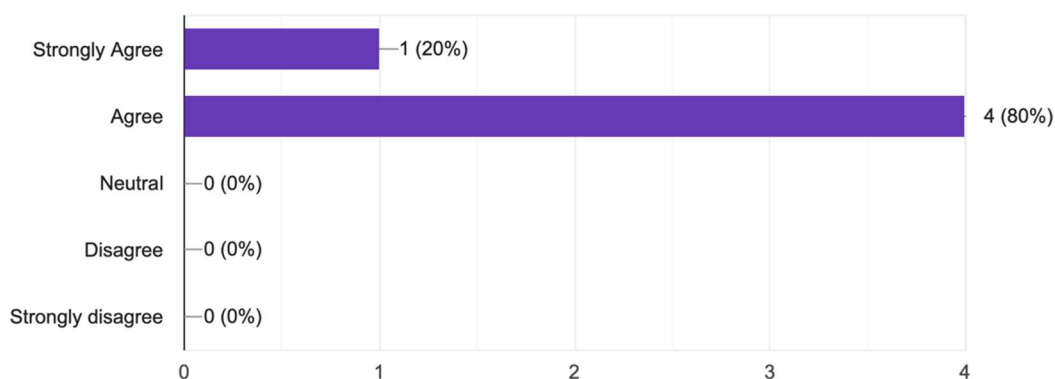

21. Do you agree that the University of Montenegro should involve more industry/business sector (wider community) activities to exploit new knowledge?

5 risposte

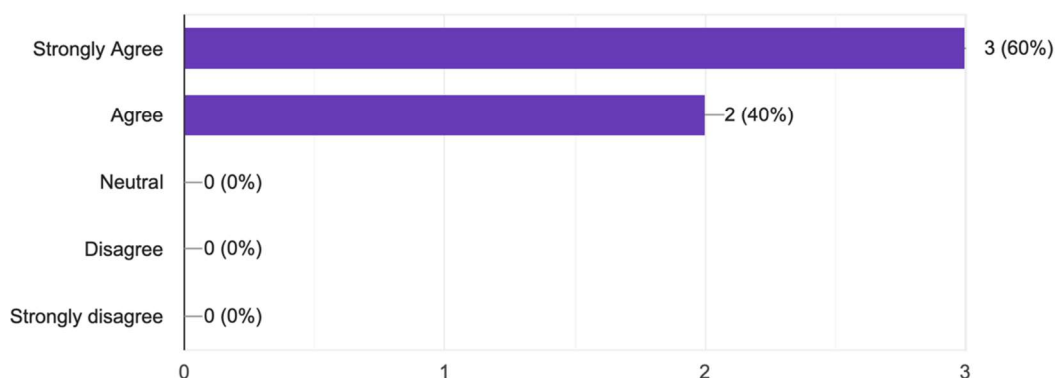

22. Do you agree that your organization/company should demonstrate active involvement in partnerships and relationships with the University of Montenegro?

5 risposte

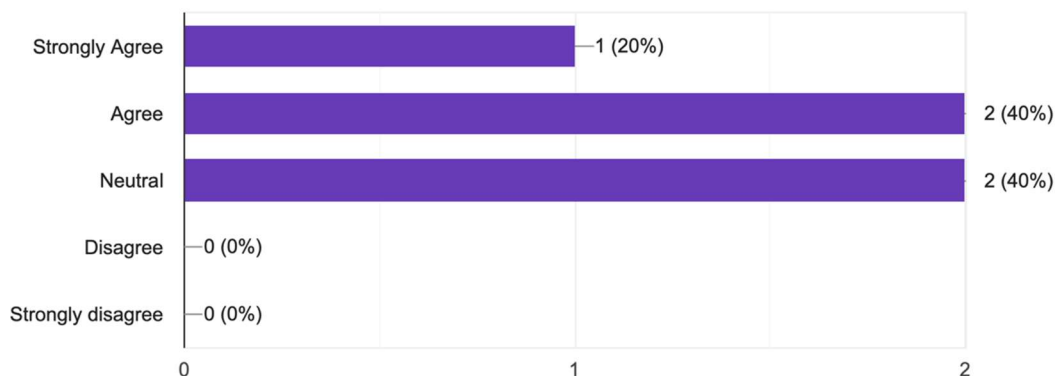

23. Your organization/company demonstrates active involvement in partnerships and relationships with a wide range of stakeholders

5 risposte

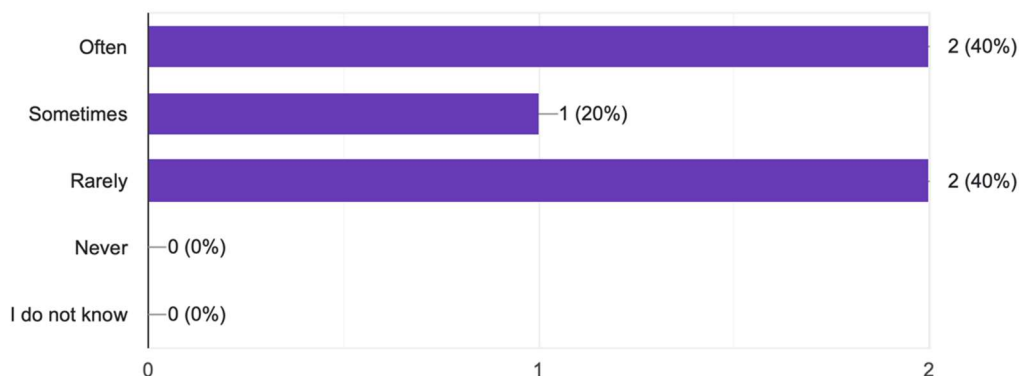

24. Your organization/company provides opportunities for students to take part in different activities with business/the external environment.

5 risposte

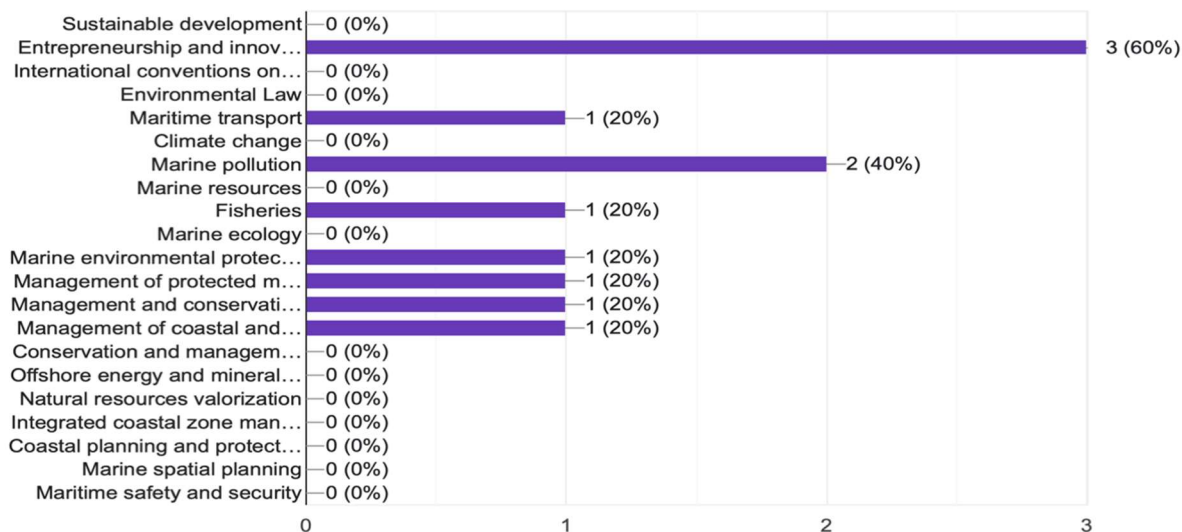

25. Does your organization/company address some of the activities in the fields of Maritime Environmental Protection and Management?

5 risposte

26. If yes, please describe specific areas of the activities:

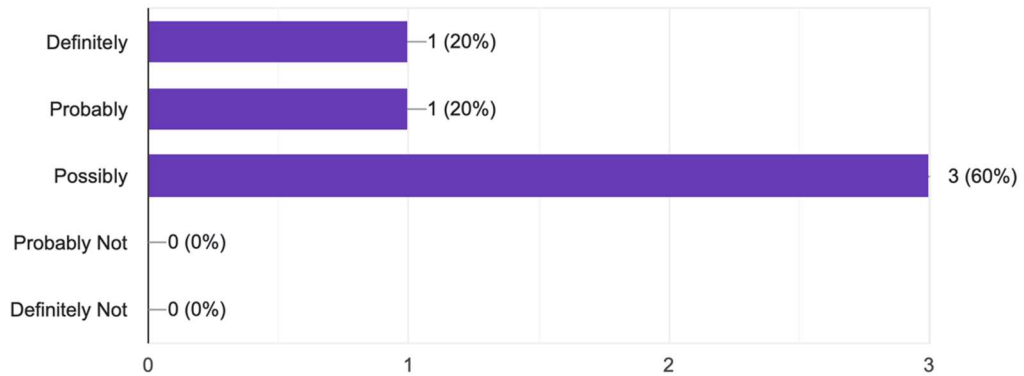

5 risposte

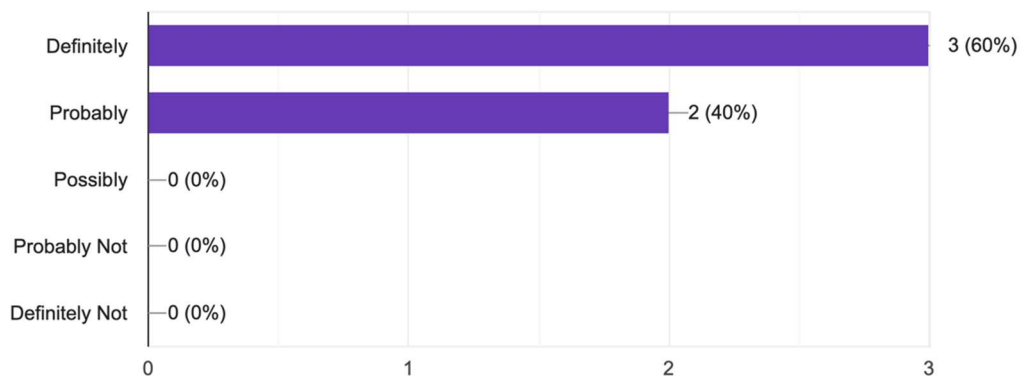

27. Does your organization/company plan to include more activities in its business in the field of Maritime Environmental Protection and Management?

5 risposte

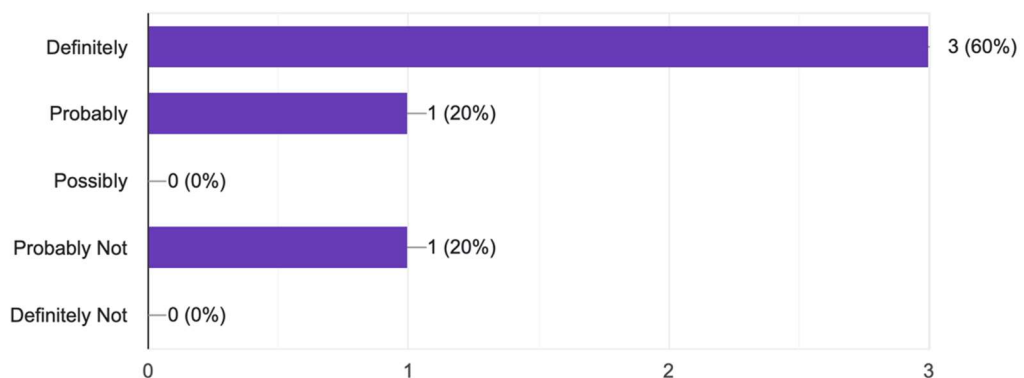

28. If there is a 2-year Master degree program in interdisciplinary field of Maritime environmental protection and management on English and adapted f...l in order to get deeper knowledge in this field?

5 risposte

29. If there is a 2-year Master degree program in interdisciplinary field of Maritime environmental protection and management on English would your c...ve interest in providing internship for students?

5 risposte

30. Questions or remarks?

No any

QUESTIONNAIRE 3

Twenty-five students participated in the questionnaire organized by University of Montenegro. The questionnaire was made on purpose to develop a joint regional high-quality interdisciplinary master's program and to build up human and technical capacities of PC HEIs to support the new master program in MEP&M.

Questionnaire for students
