## 1. Executive Summary

Quality Control and Monitory Plan (QCMP) is prepared in the scope of the **Development of Regional Joint Master Program in Maritime Environmental Protection and Management – MEP&M** project, and particularly according to what is foreseen in 4.2: *Development and implementation of Internal Quality Control and Monitoring Plan*.

In this report are given the results of the survey of one event and two meetings that have taken place within this project during July – October 2022. The questions in the form were standardized and same for each meeting and event, in order to enable comparison across project events. The form was anonymous and it has covered the following sections:

- *Quality of the organization;*
- *Quality of the presentations;*
- *Objectives;*
- *Tasks and activities;*
- *Overall satisfaction*
- *Comments.*

Completing the form took 2 – 3 minutes. Aleksandër Moisiu University of Durrës as Lead Partner (LP) in QCMP 4.2. *Internal Quality Control and Monitoring Plan* has analysed the data and prepare a short brief for all events.

## 2. Background and Objectives

Being that the objective of the Quality Control and Monitory Plan Manual is to ensure the production of concrete and high-quality results in line with the project plans, questions forms are prepared after each project event and meetings.

Objective is to describe the Quality Management procedures that the project team will follow in order to ensure, monitor and control the quality of all processes and deliverables produced during the MEP&M project lifecycle.

The main objectives of the event evaluation for QCMP are to:

- Monitor the project progress;
- Ensure the quality comprehensiveness of each activity and output separately and of the whole project;
- Ensure the quality of the key processes and the key results of the project.
